

It's not for you, it's for those you leave behind.

What would happen to your family if something were to happen to you? With adequate life insurance coverage, they could maintain a secure and stable home. Yet, 86% of NEA members are underinsured, and many are unaware of it.

At NEA Members Insurance Trust, we understand the importance of knowing your family is protected. That's why we provide members with NEA Complimentary Life Insurance. While this complimentary benefit provides a good supplement to what your district may provide, it was never meant to cover all your needs.

So we're devoting the month of September to spreading awareness about the importance of adequate life insurance coverage and how NEA can help. Not only did we recently lower our term life rates by an average of 14% to help families on a budget, but also now your NEA life insurance payments will be waived for up to 12 months if you lose your job, as long as you remain an NEA member.

The NEA Members Insurance Trust is offering a wealth of online resources that can help you adequately protect your family's financial future.

This September visit neamb.com/liam2 to:

- Test your Insurance IQ and register to win a \$1000 gift card*
- Use the Instant Rate Wizard to see your rate and savings
- Find the plan that is right for your family's needs
- Register or update your beneficiary(ies) for NEA Complimentary Life Insurance
