

# The Weekly Report

Volume 2, Issue 5

A weekly publication by the Education Support Employees Association

Teamster Local 14 wants your support, your dues dollars, and your insurance contributions. Teamsters have spent an embarrassing amount of members' dues dollars to unsuccessfully try to raid ESEA for the past 13 years and an unsuccessful attempt to raid CCEA and Washoe Educational Support Professionals (WESP). Who pays for these failed attempts: Teamster members through higher dues and an initiation fee.

You deserve to know the **truth**! We will issue weekly reports demonstrating **documented evidence** regarding Teamsters Local 14. We'll take a look at its past, and its present, so you can make the right decision about YOUR future. We only ask that you look at the facts and then decide who you can trust.

## “Declining Teamster Power”

*Are you willing to pay higher dues for a fractured Teamster union?*

Teamsters for a Democratic Union (TDU) is a grassroots organization of thousands of Teamster members across North America *hoping* to restore the Teamsters. They've been at it for more than 30 years!

These brave union sisters and brothers should be commended for working so hard to erase the black mark against their union – but ask yourselves– are you willing to pay higher dues for a fractured Teamster union?

### Declining Teamster Power

Today, Teamster Power is once again on the decline. The Hoffa administration promised Teamster Power, but has often delivered concessionary contracts and benefit cuts.

From the “Teamsters for a Democratic Union” brochure.

*“We oppose excessive and multiple salaries for Teamsters officials which waste millions we could be spending to win strong contracts and organize new members.” - www.TDU.org*

A “YES” vote for Teamsters puts you in the fight—but not the fight for respect at your worksite—the fight within your own union! Teamsters for a Democratic Union is proud of their efforts to mobilize members to win rights within their own union—that’s great, but **how much have Teamster members lost** fighting themselves when they could have put these resources to other fights?

The choice is clear. ESEA is the respected voice for all Education Support Professionals in Clark County. **Vote ESEA in January 2015.**
